1. Savings vary based on rate and term of your existing and refinanced loan(s). Refinancing to a longer term may lower your monthly payments but may also increase the total interest paid over the life of the loan. Refinancing to a shorter term may increase your monthly payment but may lower the total interest paid over the life of the loan. Review your loan documentation for total cost of your refinanced loan.
2. The 0.25% American Dental Association (ADA) member interest rate discount is offered for applications from active ADA members. The rate discount will end if ADA notifies Laurel Road that borrower is no longer in good standing. Offer cannot be combined with other offers, except any discount for making automatic payments. The partner discount will not reduce the monthly payment; instead, the discount is applied to the principal to help pay the loan down faster.
3. Check your rate with Laurel Road only requires a soft credit pull, which will not affect your credit score. To proceed with an application, a hard credit pull will be required, which may affect your credit score.
4. Special pricing is available to dentists with a Doctor of Medicine in Dentistry or Doctor of Dental Medicine (DMD) or Doctor of Dental Surgery (DDS) degree. Not available to residents, fellow, or students.
